

# Provider Newsletter

For Molina Healthcare of Iowa, Inc. providers

Third quarter 2024

## In this issue

- 1** SSI Group is the new clearinghouse
- 2** Update provider data accuracy and validation
- 3** Provider communication survey
- 4** Cultural competency resources for your office and staff
- 6** A message from our Market President and VP of Network Operations
- 7** Prior authorization update
- 8** Federal Bureau of Investigation (FBI) cybersecurity alert
- 9** Community engagement
- 10** Healthmap solutions

# SSI Claimsnet, LLC (SSI Group) is the new clearinghouse

SSI Group is Molina Healthcare, Inc.'s clearinghouse.

Submitting claims electronically through clearinghouses or the Availity Essentials portal offers many advantages. These include:

- Improved HIPAA compliance
- Reduced operational costs associated with paper claims (printing, postage, etc.)
- Increased accuracy of data and efficient information delivery
- Fewer claim delays since errors can be corrected and resubmitted electronically
- Claims reach Molina faster with the elimination of mailing time

## How to submit electronic data interchange (EDI) claims:

A clearinghouse is the easiest way to submit EDI claims to Molina. You may submit EDI transactions through Molina's gateway clearinghouse, SSI Group, or use a clearinghouse of your choice. Molina offers additional options for electronic claims submissions if you do not have a clearinghouse. Log onto the Availity Essentials portal at [provider.MolinaHealthcare.com](https://provider.MolinaHealthcare.com) for more information.

# Update provider data accuracy and validation

Providers must ensure Molina has accurate practice and business information. Accurate information allows us to better support and serve our members and provider network.

Maintaining an accurate and current Provider Directory is a state and federal regulatory requirement and a National Committee for Quality Assurance (NCQA) requirement. Invalid information can negatively impact members' access to care, member/primary care provider (PCP) assignments and referrals. Additionally, current information is critical for timely and accurate claims processing. Providers must validate their information on file with Molina at least once every ninety (90) days for correctness and completeness.

Failure to do so may result in your REMOVAL from the Molina Provider Directory.

Provider information that must be validated includes, but is not limited to:

- Provider or practice name
- Location(s)/address(es)
- Specialty(ies)
- Telephone and fax numbers and email
- Digital contact information
- Whether your practice is open to new patients (PCPs only)
- Tax ID and/or National Provider Identifier (NPI)

The information above must be provided as follows:

Delegated and other providers that typically submit rosters must submit a complete roster that includes the above information to Molina.

All other providers must log into their CAQH account to attest to the accuracy of the above information for each health care provider and/or facility in your practice contracted with Molina.

If the information is correct, please select the option to attest. If it is incorrect, providers can make updates through the CAQH portal. Providers unable to make updates through the CAQH portal should contact their Provider Services representative for assistance.

Additionally, in accordance with the terms specified in your Provider Agreement, providers must notify Molina of any changes, as soon as possible, but at a minimum thirty (30) calendar days in advance, of any changes in any provider information on file with Molina. Changes include, but are not limited to:

- Change in office location(s)/address, office hours, phone, fax or email.
- Addition or closure of office location(s).
- Addition of a provider (within an existing clinic/practice).
- Change in provider or practice name, Tax ID and/or NPI.
- Opening or closing your practice to new patients (PCPs only).
- Change in specialty.
- Any other information that may impact member access to care.

## Provider communication survey

At Molina, we constantly strive to enhance our services to meet your needs. Your input is invaluable in helping us achieve this goal. Please take a few minutes to participate in our survey, which aims to understand how we can improve our communication methods to suit your preferences better.

Your feedback will directly influence how we engage with you, ensuring a more seamless and efficient communication experience.

Click the link below to access the survey:

[MolinaHealthcare.surveymonkey.com/r/V55RGTG](https://MolinaHealthcare.surveymonkey.com/r/V55RGTG)

Thank you for your time and contribution in making Molina the best it can be for you and your patients.

## Cultural competency resources for providers and office staff

Let's partner to achieve health equity! Refresher training on cultural competency is available to review communicating with diverse patient populations. These trainings allow you and your staff to better understand and address disparities to improve health care. As our partner, assisting you is one of our highest priorities.

We are committed to improving health equity as a culturally competent organization. We support and adhere to the **National Standards for Culturally and Linguistically Appropriate Services (CLAS) in Health and Health Care** as established by the Office of Minority Health. We also maintain compliance with accreditation standards focused on health equity.

# Cultural competency resources for your office and staff

## Molina's building culturally competent health care: Training for providers and staff

Cultural competency can positively impact a patient's health care experiences and outcomes. Five short cultural competency training videos are available to providers and office staff on the **Culturally and Linguistically Appropriate Resources/Disability Resources** page on the Health Care Professionals site under the **Health Resources** tab at [MolinaHealthcare.com](https://www.molinahealthcare.com).

### Training topics:

#### Module 1: Introduction to cultural competency

- The need for cultural competency
- How culture impacts health care
- Implicit bias
- Federal requirements related to cultural competency (Affordable Care Act, Americans with Disabilities Act)

#### Module 2: Health disparities

- Examples of racial health disparities and health disparities among persons with disabilities
- Health equity
- Social Determinants of Health

#### Module 3: Specific population focus – seniors and persons with disabilities

- Social model of disability and accepted protocol and language of the independent living/Disability Rights Movement

#### Module 4: Specific population focus – LGBTQ+ and immigrants/refugees

- Health disparities among LGBTQ+ population
- Clear communication guidelines for health care providers interacting with LGBTQ+ patients
- Disparities among immigrant and refugee communities
- Clear communication guidelines for health care providers interacting with immigrant and refugee patients

#### Module 5: Becoming culturally competent

- Perspective-taking
- Clear communication guidelines
- Tips for effective listening
- Assisting patients whose preferred language is not English
- Tips for working with an interpreter
- Teach-back method
- Molina's language access services

Each training video ranges in length from five to ten minutes. Viewers may participate in all five training modules or just one, depending on topics of interest. Upon completing the training, please complete the provider attestation form available on the **Culturally and Linguistically Appropriate Resources/Disability Resources** page on the Health Care Professionals site under the **Health Resources** tab at [MolinaHealthcare.com](https://www.molinahealthcare.com). Please contact your Provider Services representative if you have any questions.

## Americans with Disabilities Act (ADA) resources: Provider education series

A series of provider education materials related to disabilities is now available to providers and office staff on Molina's website. To review the materials, please visit Molina's **Culturally and Linguistically Appropriate Resources/Disability Resources** page on the Health Care Professionals site under the **Health Resources** tab at [MolinaHealthcare.com](https://www.molinahealthcare.com).

### Resources consist of the following educational materials:

#### American with Disabilities Act (ADA)

- Introduction to the ADA and questions and answers for health care providers (i.e., which healthcare providers are covered under the ADA; how does one remove structural communication barriers; funds available to assist with ADA compliance costs).

#### Members who are blind or have low vision

- How to get information in alternate formats such as Braille, large font, audio or other formats that members can use.

#### Service animals

- Examples of tasks performed by a service animal; tasks that do not meet the definition of a service animal; inquiries you can make regarding service animals and exclusions, charges or other specific rules.

#### Tips for communicating with people with disabilities and seniors

- Communicating with Individuals who are blind or visually impaired, deaf or hard of hearing; communicating with individuals with mobility and/or speech impairments and communicating with seniors

Please contact your Provider Services representative if you have any questions.

## Molina's language access services

Language access services ensure mutual understanding of illness and treatment, increase patient satisfaction and improve health care quality for patients with limited English proficiency. Molina ensures good communication with members by providing language access services. Providing language access services is a legal requirement for health care systems that receive federal funds; a member cannot be refused services due to language barriers. Molina provides the following services directly to members at no cost when needed:

- Written material in other formats (i.e., large print, audio, accessible electronic formats, Braille)
- Written material translated into languages other than English
- Oral and Sign language interpreter services
- Relay service (711)
- 24-hour Nurse Advice Line
- Bilingual/bicultural staff

In many cases, Molina will also cover the cost of a language or sign language interpreter for our members' medical appointments. Molina members and providers are instructed to call Member and Provider Services to schedule interpreter services or to connect to a telephonic interpreter.

Molina's materials are always written simply in plain language and at required reading levels. For additional information on Molina's language access services or cultural competency resources, contact Provider Services or visit [MolinaHealthcare.com](https://www.molinahealthcare.com).

## Helping members in their language

Our health plan members speak many different languages. As of late 2023, for Medicaid members, the majority of language translation requests were for Spanish, accounting for 57% of the total. This was followed by 5% for Burmese, 4% for Karen, 3% each for Swahili, French, Vietnamese and Karenni and 2% each for Arabic, Bosnian and Nepali.

Please contact Molina if you need assistance addressing the language needs of your patients. We also provide resources for providers.

## Clinical policy

Molina's clinical policies (MCPs) are located at [MolinaClinicalPolicy.com](https://www.molinaclinicalpolicy.com). Providers, medical directors and internal reviewers use these policies to determine medical necessity. The Molina Clinical Policy Committee (MCPC) reviews MCPs annually and approves them bimonthly.

### A message from our Market President and VP of Network Operations

Molina Healthcare of Iowa, Inc celebrated its one year of operations on July 1, 2024. The Molina team would like to thank our providers in the network for their patience as we worked through the setup of a new plan. The collaboration shown by providers to assist with claims testing prior to go-live and escalate issues early once go-live occurred helped to ensure

quicker resolution of issues and a smoother implementation. Hopefully, providers experienced a smooth implementation and continue to have a positive experience as you provide care to Molina members.

Molina's goal is to be the easiest payer to providers. To achieve that goal, we are striving to provide a service model that is responsive to providers and demonstrates the ability to quickly resolve issues. We would like to personally invite you to join our Provider Advisory Council to provide us with feedback (see below). The monthly New Provider Onboarding webinar (see below) is a great place to learn about our plan at a high level. It is also another way to connect with your dedicated **Provider Relations representative**, and get answers to your questions. Please always feel free to reach out to either of us!

Thank you again for the services you are providing to Molina's members and the collaboration shown during set-up!

# Prior authorization update

In efforts to continue to refine our utilization management processes, Molina has made the decision to limit the number of times we ask for clinical information to one time. We will wait twenty-four (24) hours after receipt of the authorization and initial clinical request. Our request for clinical information will include the information we still need to complete the review of the request. Should the clinical information we need for review not be received, we will have a medical director complete the review. This will likely result in a denial of the requested services. This change will begin October 1, 2024. You can access Molina's Prior Authorization Look Up Tool [here](#).

Currently, for a standard authorization request, Molina makes the determination and provides notification no later than 14 calendar days from the receipt of the complete request. Beginning October 1, 2024, Molina will make the determination and provide notification no later than seven calendar days from the receipt of the complete request.

## Reminders:

- Please include all clinical information needed when you submit your prior authorization request.
- PA requests that do not include all the clinical information needed to efficiently and effectively make a decision may be denied.
- No PA is required when Molina is secondary.

You may reach out to the UM team through our Provider Relations Contact Center by calling Monday-Friday, **(844) 236-1464**, 7:30 am-6:00 pm CST to assist with:

- Answering your questions
- Provide guidance
- Help schedule a peer-to-peer conversation
- Assist clinical providers navigate our PA process

# Federal Bureau of Investigation (FBI) cybersecurity alert

Molina would like to remind our providers to always remain vigilant for cybercriminals attempting to access Molina's systems through email, phone or text-related scams. Cybercriminals often use communications that appear to be legitimate business or promotional communications.

On July 2, 2024, the Federal Bureau of Investigation (FBI) and the Department of Health and Human Services (HHS) released a joint Cybersecurity Advisory (CSA) to raise awareness of an active social engineering campaign targeting healthcare, public health entities and providers. For example, threat actors are using phishing schemes to steal login credentials for initial access and the diversion of automated clearinghouse (ACH) payments to US-controlled bank accounts. Additionally, they are targeting contact centers and employees through scam phone calls to divulge privileged information such as passwords.

What you need to do:

- If you receive a suspicious email prompting you to visit a website, download a file, confirm payment information or provide login credentials, do not click links in the email or respond to the message.
- Use trusted websites, preferably ones you have previously used. Do not visit unfamiliar websites.
- Exercise caution if you receive a notification regarding an account, purchase or shipment. Do not click on links within the message. Visit the company's official website to log in or call the authorized phone number.

## Provider Advisory Council

Molina kicked off our first Iowa Molina Provider Advisory Council (IMPAC) meeting on March 27, 2024. Thank you to everyone who participated! To be a part of this council, please complete the sign-up form [here](#).

The next council meeting will be on November 6, 2024. These council meetings include an HCBS Work Group. If you want to be included, please sign up [here](#). We look forward to seeing you there!

## Provider Incentive Program

Effective September 1, 2024, Molina has implemented a new Provider Incentive Program for maternal health providers. Please see our [Pregnancy Notification Form 2024](#) and [Provider Prenatal Care Guide](#) for more details.

Molina is also partnering with Mae (Pregnancy & Postpartum Support) and hosting a virtual provider education in October. Please reach out to our communications specialist for more details on how to sign up: [Tiffany.Verhey@MolinaHealthcare.com](mailto:Tiffany.Verhey@MolinaHealthcare.com). To learn more about Mae, please visit [meetmae.com](https://meetmae.com).

## Community engagement

Molina announced a grant to fund training for doulas to support Black mothers and their babies. The \$10,000 donation to the Iowa Black Doula Collective aims to increase the amount of certified lactation consultants in the region. The donation will help reduce racial disparities in health outcomes for newborns. To get more involved with what our team does for maternal health education, please reach out to the resources listed above.

## Newly contracted with Molina?

If you have not done so, please sign up for the next live Provider Education, held the last Thursday of every month via Webex.

Click [here](#) to register!

## POD update

We would like your help collecting your business up-to-date website link, confirmation if your provider has completed cultural competency training, as well as if you have providers that are multilingual. You may include these in roster submissions, and/or send directly to [IAPODUpdate@MolinaHealthcare.com](mailto:IAPODUpdate@MolinaHealthcare.com).

## Healthmap solutions

Go-live date: June 1, 2024

Healthmap Solutions (Healthmap) is an industry-leading NCQA-accredited Kidney Population Health Management company serving health plans and provider groups seeking value-based solutions to improve the clinical care and financial performance of high-risk, high-cost kidney patient populations. Read more by clicking on the below resources.

- [Healthmap Provider Brochure](#)
- [Healthmap Provider Webinar Presentation](#)

## ProgenyHealth

Go-live date: July 1, 2024

Molina is happy to announce a partnership with ProgenyHealth, a company which specializes in neonatal care management services based on the plan's program. Please see the below resources to learn more!

- [ProgenyHealth / Molina Provider Notification Letter](#)
- [ProgenyHealth Provider Education](#)

## Provider Relations

The Provider Relations team is always ready to assist you. Please utilize our Contact Us Page on our website [here](#), and search the territory map for your Provider Relations representative if you have not already. We're happy to hear from you!

We have partnered with Constant Contact as our secured email vendor. Sign up [here](#) for regular news, updates and announcements!
