- A **Primary Care Provider** (PCP) is a physician, nurse practitioner, or other health care professional who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - ○ Oncologists care for patients with cancer.
  - ○ Cardiologists care for patients with heart conditions.
  - ○ Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** or **prior authorization** for a specialist or someone that isn't your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **Molina Medicare Complete Care Plus** (not your network PCP) must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, Molina Medicare Complete Care Plus may not cover the service, item, or drug.

- Referrals or prior authorization **aren't** needed for:
  - emergency care;
  - urgently needed care;
  - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area; **or**
  - services from a women's health specialist
- Additonally , if you're eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they're out of our plan's network.
- More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook.*

- You'll also have a care team and an assigned care coordinator that you choose.
  - A **care coordinator** helps you manage your medical providers and services.
  - Your **Care Team** is a group of advocates and providers working together to provide you with medical, behavioral health, psychosocial, social care, and long-term services and supports in the community or in a facility. Care coordinators and primary care providers are part of your Care Team. You are a member of your Care Team, and you can tell us who else you would like to participate. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:
    - you
    - your care coordinator
    - your Primary Care Provider (PCP)
    - your behavioral health clinician (if you have one)
    - your long-term services and supports (LTSS) providers (if you have them). These include:
      - your Home Again Transition Coordinator
      - your waiver services provider
      - your Community Long Term Care (CLTC) waiver case manager
      - a pharmacist, **and**
    - representatives from the facility where you get care

- Your Care Team **can also include** the following people, if it is appropriate and if you agree:
  - nurses, specialists, social workers, and other people who can provide expert advice:
  - family members
  - other informal caregivers
  - advocates
  - state agency or other case managers

Your Care Team will also help you find other providers of medical or behavioral health services if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

- We must provide you with access to primary care and behavioral health services within the following timeframes: immediately for urgently needed services or an emergency;
- within 7 days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

- To choose a PCP, refer to the list of providers in **Section C** and choose a provider:
  - that you use now, **or**
  - who has been recommended by someone you trust, **or**
  - whose offices are easy for you to get to.
- If you don't choose a PCP in our network, Molina Medicare Complete Care Plus will choose one for you.
- If you want help in choosing a PCP, please call Member Services at the numbers listed at the bottom of this page. Hours are October 1 – March 31, 8 a.m. to 8 p.m. local time, 7 days a week. From April 1 – September 30, Monday – Friday, 8 a.m. to 8 p.m. local time. The call is free. TTY: 711. Or, visit MolinaHealthcare.com/Medicare.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at the numbers listed at the bottom of this page and ask **before** you get the service or care.

B4. How to access Molina Medicare Complete Care Plus's network providers

You may need a referral for someone who ins't a PCP Provider. There is more information about referrals in **Section B1**.

You must get all of your covered services from providers within our network. If you use providers who aren't in Molina Medicare Complete Care Plus's network **(without prior authorization), you may have to pay the bill.**

A **prior authorization** is an approval from Molina Medicare Complete Care Plus to seek services outside of our network to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. No services are covered outside the United States, except for emergency services requiring hospitalization in Canada or Mexico. You can also go outside the plan for other non-emergency services if Molina Medicare Complete Care Plus gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. For some providers, you may need a referral from your PCP. All changes made will be in effect on the first day of the following month, with the following exceptions:
  - 1. If the member is calling from the provider's office, the effective date will be the date of the phone call.
  - 2. If the member is in their first month of enrollment, the effective date will be the first day of the current month.
- Molina Medicare Complete Care Plus works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, Molina Medicare Complete Care Plus can help you. Talk to your care coordinator for assistance.

B1. Términos clave

Esta sección explica los términos clave de nuestro Directorio.

- Los **proveedores** son profesionales como médicos, personal de enfermería, farmacéuticos, terapeutas y otras personas que prestan atención y servicios. Los **servicios** incluyen atención médica, suministros, medicamentos, equipos y otros servicios.
  - El término "proveedores" incluye centros como hospitales, clínicas y otros lugares que prestan servicios médicos y equipo médico.
  - Los proveedores que forman parte de la red de nuestro plan se denominan **proveedores de la red**.

Eso significa que aceptan miembros de nuestro plan y prestan servicios que cubre nuestro plan. Por lo general, cuando acude a un proveedor de la red, no debe pagar nada por los servicios cubiertos.
- Un Proveedor de Atención Primaria (Primary Care Provider, PCP) es un médico, personal de enfermería especializada u otro profesional de la salud que le brinda atención médica de rutina. Su PCP llevará un registro de su historia clínica y conocerá sus necesidades de salud a lo largo del tiempo. Su PCP también le dará una remisión en caso de que necesite consultar a un especialista u otro proveedor.
- Los **especialistas** son médicos que proveen servicios de atención médica para una enfermedad o parte del cuerpo específica. Existen muchos tipos de especialistas. Algunos ejemplos son los siguientes:
  - Los oncólogos atienden a pacientes con cáncer.

Significa que **Molina Medicare Complete Care Plus** (no su PCP de la red debe dar su aprobación **antes** (no su PCP de la red) debe dar su aprobación antes de que cubramos un servicio, artículo o medicamento específicos o un proveedor fuera de la red. Esto significa que se aseguran de que se le realicen las pruebas y los análisis de laboratorio una vez y que los resultados se compartan con los proveedores apropiados. También significa que su PCP debe estar informado acerca de todos los medicamentos que usted toma a fin de que este pueda reducir cualquier efecto negativo para su salud.
