

Molina Healthcare of Nebraska, Provider Notice

Nebraska Medicaid PDL Changes Effective 07/17/2026

07/17/2026

Molina Healthcare is alerting providers that changes have been made to the Nebraska Medicaid Preferred Drug List (PDL).

Effective 07/17/2026, the Nebraska Medicaid Pharmacy and Therapeutics Committee (P&T) has approved updates to the Nebraska Medicaid PDL following the May 2026 review. These changes aim to promote cost-effective, evidence-based prescribing while maintaining medication access for Molina members. Major updates include the addition of new agents, movement of medications between preferred and non-preferred status, and drug-specific criteria changes. Providers are encouraged to review the state provider bulletin listing all changes to the PDL located here:

<https://dhhs.ne.gov/Medicaid%20Provider%20Bulletins/Provider%20Bulletin%2026-10.pdf>

Prior authorization forms and the most up-to-date version of the Preferred Drug List may be found here:

PDL: <https://nebraska.fhsc.com/PDL/PDLlistings.asp>

PA Forms: <https://www.molinahealthcare.com/providers/ne/medicaid/resources/forms.aspx>

Thank you for your continued service to Molina members.

If you have general questions about this communication, please contact our Provider Relations Team at NEProviderRelations@MolinaHealthcare.com.
